TOWNSHIP OF GREENWICH
PART 1
REPORT OF AUDIT OF FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2011

INDEPENDENT AUDITOR'S REPORT

The Honorable Mayor and
Members of the Township Council
Township of Greenwich
Gibbstown, New Jersey 08027

We have audited the accompanying statements of assets, liabilities, reserves and fund balance-- regulatory basis of the various funds of the Township of Greenwich, in the County of Gloucester, State of New Jersey as of December 31, 2011 and 2010, and the related statements of operations and changes in fund balance-- regulatory basis for the years then ended, and the related statement of revenues-- regulatory basis, statement of expenditures-- regulatory basis, and statement of general fixed assets group of accounts for the year ended December 31, 2011. These financial statements are the responsibility of the Township's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and in compliance with audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Township's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As described in Note 1, the financial statements previously referred to have been prepared in conformity with accounting practices prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, which differ from accounting principles generally accepted in the United States of America. The effects on the financial statements of the variances between these regulatory accounting practices and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

In our opinion, because of the effects on the financial statements of the requirement that the Township prepare its financial statements in accordance with the accounting practices discussed in the preceding paragraph, the financial statements referred to above do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the Township of Greenwich, in the County of Gloucester, State of New Jersey, as of December 31, 2011 and 2010, or the results of its operations and changes in fund balance for the years then ended.

Furthermore, in our opinion, the financial statements referred to above present fairly, in all material respects, the assets, liabilities, reserves and fund balance-- regulatory basis of the various funds of the Township of Greenwich, in the County of Gloucester, State of New Jersey, as of December 31, 2011 and 2010, and the results of its operations and changes in fund balance-- regulatory basis of such funds for the years then ended, and the revenues-- regulatory basis, expenditures-- regulatory basis of the various funds, and general fixed assets, for the year ended December 31, 2011 in conformity with accounting principles and practices prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey as described in Note 1.

In accordance with Government Auditing Standards, we have also issued our report dated June 11, 2012 on our consideration of the Township of Greenwich, in the County of Gloucester, State of New Jersey's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Township's basic financial statements as a whole. The supplemental financial statements presented for the various funds are presented for purposes of additional analysis as required by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, and are not a required part of the basic financial statements. The supplementary financial statements presented for the various funds are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements of each of the respective individual funds and account group taken as a whole.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND
OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

The Honorable Mayor and
Members of the Township Council
Township of Greenwich
Gibbstown, New Jersey 08027

We have audited the financial statements (regulatory basis) of the Township of Greenwich, in the County of Gloucester, State of New Jersey, as of and for the year ended December 31, 2011, and have issued our report thereon dated June 11, 2012, which indicated that the financial statements were not prepared in accordance with accounting principles generally accepted in the United States of America but were prepared on a regulatory basis of accounting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States, and in compliance with audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey.

Internal Control Over Financial Reporting

Management of the Township of Greenwich is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit, we considered the Township's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Township's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Township's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses and therefore, there can be no assurance that all deficiencies, significant deficiencies, or material weaknesses have been identified. However, as described in the accompanying Schedule of Findings and Recommendations, we identified one deficiency in internal control over financial reporting that we consider to be a material weakness.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Township's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the following deficiency described in the accompanying Schedule of Findings and Recommendations to be a material weakness: 2011-1.

A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We did not identify any deficiencies in internal control over financial reporting that we consider to be significant deficiencies as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Township of Greenwich's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed one instance of noncompliance or other matters that is required to be reported under Government Auditing Standards and audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs which is described in the accompanying Schedule of Findings and Recommendations as finding no.: 2011-2.

The Township of Greenwich's responses to the findings identified in our report are described in the accompanying Schedule of Findings and Recommendations. We did not audit the Township of Greenwich's responses and, accordingly, we express no opinion on it.

This report is intended solely for the information and use of management of the Township, others within the Township and the Division of Local Government Services, Department of Community Affairs and is not intended to be and should not be used by anyone other than these specified parties.

TOWNSHIP OF GREENWICH
Notes to Financial Statements
For the Year Ended December 31, 2011

Note 1: **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Description of Financial Reporting Entity - The Township of Greenwich was incorporated in February 21, 1798 and is located in southwest New Jersey approximately twenty miles southeast of the City of Philadelphia. The population according to the 2010 census is 4,899.

The Township has a Mayor-Council form of government known as the Mayor-Council Plan A under the Optional Municipal Charter Law of 1960, popularly known as the Faulkner Act. The Mayor is separately elected. Executive and administrative responsibility rests with the Mayor, who is assisted by the Township Administrator.

Component Units - The Township of Greenwich had no component units as defined by Governmental Accounting Standards Board Statement No. 14.

Basis of Accounting, Measurement Focus and Basis of Presentation - The financial statements of the Township of Greenwich contain all funds and account groups in accordance with the "Requirements of Audit" as promulgated by the State of New Jersey, Department of Community Affairs, Division of Local Government Services. The principles and practices established by the Requirements of Audit are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Generally, the financial statements are presented using the flow of current financial resources measurement focus and modified accrual basis of accounting with minor exceptions as mandated by these "Requirements". In addition, the prescribed accounting principles previously referred to differ in certain respects from accounting principles generally accepted in the United States of America applicable to local government units. The more significant differences are explained in this Note.

In accordance with the "Requirements", the Township of Greenwich accounts for its financial transactions through the use of separate funds which are described as follows:

Current Fund - The Current Fund accounts for resources and expenditures for governmental operations of a general nature, including Federal and State grant funds.

Trust Funds - The various Trust Funds account for receipts, custodianship and disbursement of funds in accordance with the purpose for which each reserve was created.

General Capital Fund - The General Capital Fund accounts for receipt and disbursement of funds for the acquisition of general capital facilities, other than those acquired in the Current Fund.

Water Utility Operating and Capital Funds - The Water Utility Operating and Capital Funds account for the operations and acquisition of capital facilities of the municipally owned Water Utility.

Public Assistance Fund - The Public Assistance Fund accounts for receipt and disbursement of funds that provide assistance to certain residents of the Township pursuant to Title 44 of New Jersey statutes. The governing body resolved to transfer all public assistance activities to the County of Gloucester effective March 1, 1999.

Note 1: **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)**

Budgets and Budgetary Accounting - The Township of Greenwich must adopt an annual budget for its current and water utility funds in accordance with N.J.S.A. 40A:4 et seq. N.J.S.A. 40A:4-5 requires the governing body to introduce and approve the annual municipal budget no later than February 10 of each year. At introduction, the governing body shall fix the time and place for a public hearing on the budget and must advertise the time and place at least ten days prior to the hearing in a newspaper published and circulating in the municipality. The public hearing must not be held less than twenty-eight days after the date the budget was introduced. After the hearing has been held, the governing body may, by majority vote, adopt the budget or may amend the budget in accordance with N.J.S.A. 40A:4-9. Amendments to adopted budgets, if any, are detailed in the statements of revenues and expenditures.

An extension of the statutory dates for introduction, approval and adoption of the municipal budget may be granted by the Director of the Division of Local Government Services, with the permission of the Local Finance Board.

Budgets are adopted on the same basis of accounting utilized for the preparation of the Township's financial statements.

Cash, Cash Equivalents and Investments - Cash and cash equivalents include petty cash, change funds and cash on deposit with public depositories. All certificates of deposit are recorded as cash regardless of the date of maturity. Investments are stated at cost. Consequently, unrealized gain or loss on investments has not been recorded in accordance with Governmental Accounting Standards Board Statement No. 31.

New Jersey municipal units are required by N.J.S.A. 40A:5-14 to deposit public funds in a bank or trust company having its place of business in the State of New Jersey and organized under the laws of the United States or of the State of New Jersey or in the New Jersey Cash Management Fund. N.J.S.A. 40A:5-15.1 provides a list of investments which may be purchased by New Jersey municipal units. In addition, other State statutes permit investments in obligations issued by local authorities and other state agencies.

N.J.S.A. 17:9-41 et seq. establishes the requirements for the security of deposits of governmental units. The statute requires that no governmental unit shall deposit public funds in a public depository unless such funds are secured in accordance with the Governmental Unit Deposit Protection Act ("GUDPA"), a multiple financial institutional collateral pool, which was enacted in 1970 to protect governmental units from a loss of funds on deposit with a failed banking institution in New Jersey. Public depositories include State or federally chartered banks, savings banks or associations located in or having a branch office in the State of New Jersey, the deposits of which are federally insured. All public depositories must pledge collateral, having a market value at least equal to five percent of the average daily balance of collected public funds, to secure the deposits of Governmental Units. If a public depository fails, the collateral it has pledged, plus the collateral of all other public depositories, is available to pay the amount of their deposits to the Governmental Units.

The cash management plan adopted by the Township of Greenwich requires it to deposit funds in public depositories protected from loss under the provisions of the Act.

Interfunds - Interfund receivables and payables that arise from transactions between funds are recorded by all funds affected by such transactions in the period in which the transaction is executed. Interfund receivables in the Current Fund are recorded with offsetting reserves which are created by charges to operations. Income is recognized in the year the receivables are liquidated. Interfund receivables in the other funds are not offset by reserves.

Note 1: **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)**

Inventories of Supplies - The costs of inventories of supplies for all funds are recorded as expenditures at the time individual items are purchased. The costs of inventories are not included on the various statements of assets, liabilities, reserves and fund balance.

General Fixed Assets - Accounting for Governmental Fixed Assets, as required by N.J.A.C. 5:30-5.6, differs in certain respects from accounting principles generally accepted in the United States of America. In accordance with the regulations, all local units, including municipalities, must maintain a general fixed assets reporting system that establishes and maintains a physical inventory of nonexpendable, tangible property as defined and limited by the U.S. Office of Management and Budget Circular A-87 (Attachment B, Section 19), except that the useful life of such property is at least five years. The Township has adopted a capitalization threshold of \$5,000, the maximum amount allowed by the Circular. Generally, assets are valued at historical cost; however, assets acquired prior to December 31, 2007 are valued at actual historical cost or estimated historical cost. No depreciation of general fixed assets is recorded. Donated general fixed assets are recorded at their estimated fair market value on the acquisition date. Interest costs relative to the acquisition of general fixed assets are recorded as expenditures when paid. Public domain ("infrastructure") general fixed assets consisting of certain improvements such as roads, bridges, curbs and gutters, streets and sidewalks and drainage systems are not capitalized. Expenditures for construction in progress are recorded in the Capital Funds until such time as the construction is completed and put into operation. The Township is required to maintain a subsidiary ledger detailing fixed assets records to control additions, retirements and transfers of fixed assets. In addition, a Statement of General Fixed Assets, reflecting the activity for the year, must be included in the Township's basic financial statements.

The regulations require that general fixed assets, whether constructed or acquired through purchase, grant or gift be included in the aforementioned inventory. In addition, property management standards must be maintained that includes accurate records indicating asset description, source, ownership, acquisition cost and date, the percentage of Federal participation (if any), and the location, use, and condition of the asset. Periodically, physical inventories must be taken and reconciled with these records. Lastly, all fixed assets must be adequately controlled to safeguard against loss, damage or theft.

Water Utility Fixed Assets - Property and equipment purchased by a utility fund are recorded in the utility capital account at cost and are adjusted for disposition and abandonment. The amounts shown do not represent replacement cost or current value. The Reserve for Amortization and Deferred Reserve for Amortization accounts in the utility capital fund represent charges to operations for the cost of acquisition of property and equipment and improvements and contributed capital.

Foreclosed Property - Foreclosed property is recorded in the Current Fund at the assessed valuation when such property was acquired and is fully reserved. Ordinarily it is the intention of the municipality to resell foreclosed property in order to recover all or a portion of the delinquent taxes or assessments and to return the property to a taxpaying basis. For this reason the value of foreclosed property has not been included in the General Fixed Assets Account Group. If such property is converted to a municipal use, it will be recorded in the General Fixed Assets Account Group.

Deferred Charges - The recognition of certain expenditures is deferred to future periods. These expenditures, or deferred charges, are generally over-expenditures of legally adopted budget appropriations or emergency appropriations made in accordance with N.J.S.A. 40A:4-46 et seq. Deferred charges are subsequently raised as items of appropriation in budgets of succeeding years.

Liens Sold for Other Governmental Units - Liens sold on behalf of other governmental units are not recorded on the records of the tax collector until such liens are collected. Upon their collection, such liens are recorded as a liability due to the governmental unit net of the costs of the initial sale. The related costs of sale are recognized as revenue when received.

Note 1: **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)**

Fund Balance - Fund Balances included in the current fund and utility operating fund represent amounts available for anticipation as revenue in future years' budgets, with certain restrictions.

Revenues - Revenues are recorded when received in cash except for certain amounts which are due from other governmental units. Revenue from Federal and State grants are realized when anticipated as such in the Township's budget. Receivables for property taxes are recorded with offsetting reserves on the statement of assets, liabilities, reserves and fund balance of the Township's Current Fund; accordingly, such amounts are not recorded as revenue until collected. Other amounts that are due the Township which are susceptible to accrual are also recorded as receivables with offsetting reserves and recorded as revenue when received.

Property Tax Revenues - Property tax revenues are collected in quarterly installments due February 1, May 1, August 1, and November 1. The amount of tax levied includes not only the amount required in support of the Township's annual budget, but also the amounts required in support of the budgets of the County of Gloucester, Township of Greenwich School District. Unpaid property taxes are subject to tax sale in accordance with the statutes.

School Taxes - The municipality is responsible for levying, collecting and remitting school taxes for the Township of Greenwich School District. Operations is charged for the full amount required to be raised from taxation to operate the local school district for the period from January 1 to December 31.

County Taxes - The municipality is responsible for levying, collecting and remitting county taxes for the County of Gloucester. Operations is charged for the amount due the County for the year, based upon the ratables required to be certified to the County Board of Taxation by January 10 of the current year. In addition, operations is charged for the County share of Added and Omitted Taxes certified to the County Board of Taxation by October 10 of the current year and due to be paid to the County by February 15 of the following year.

Reserve for Uncollected Taxes - The inclusion of the "Reserve for Uncollected Taxes" appropriation in the Township's annual budget protects the Township from taxes not paid currently. The Reserve, the minimum amount of which is determined on the percentage of collections experienced in the immediate preceding year, with certain exceptions, is required to provide assurance that cash collected in the current year will provide sufficient cash flow to meet expected obligations.

Expenditures - Expenditures are recorded on the "budgetary" basis of accounting. Generally, expenditures are recorded when paid. However, for charges to amounts appropriated for "other expenses", an amount is encumbered through the issuance of a numerically controlled purchase order or when a contract is executed in accordance with N.J.A.C. 5:30-5.2. When encumbered charges are paid, the amount encumbered is simultaneously liquidated in its original amount. Encumbrances are offset by an account entitled reserve for encumbrances. The reserve is classified as a cash liability under New Jersey municipal accounting. At December 31, this reserve represents the portion of appropriation reserves that has been encumbered and is subject to the same statutory provisions as appropriation reserves.

Appropriations for principal payments on outstanding general capital and utility bonds and notes are provided on the cash basis; interest on general capital indebtedness is on the cash basis; whereas interest on utility indebtedness is on the accrual basis.

Appropriation Reserves - Appropriation reserves covering unexpended appropriation balances are automatically created at year-end and recorded as liabilities, except for amounts which may be canceled by the governing body. Appropriation reserves are available, until lapsed at the close of the succeeding year, to meet specific claims, commitments or contracts incurred during the preceding fiscal year. Lapsed appropriation reserves are recorded as income.

Note 1: **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)**

Long-Term Debt - Long-Term Debt, relative to the acquisition of capital assets, is recorded as a liability in the General Capital and Utility Capital Funds. Where an improvement is a "local improvement", i.e. assessable upon completion, long-term debt associated with that portion of the cost of the improvement to be funded by assessments is transferred to the Trust Fund upon the confirmation of the assessments or when the improvement is fully and permanently funded.

Compensated Absences and Postemployment Benefits - Compensated absences for vacation, sick leave and other compensated absences are recorded and provided for in the annual budget in the year in which they are paid, on a pay-as-you-go basis. Likewise, no accrual is made for postemployment benefits, if any, which are also funded on a pay-as-you-go basis.

Note 2: **CASH AND CASH EQUIVALENTS**

Custodial Credit Risk Related to Deposits - Custodial credit risk is the risk that, in the event of a bank failure, the Township's deposits might not be recovered. Although the Township does not have a formal policy regarding custodial credit risk, N.J.S.A. 17:9-41 et seq. requires that governmental units shall deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act (GUDPA). Under the Act, the first \$250,000 of governmental deposits in each insured depository is protected by the Federal Deposit Insurance Corporation (FDIC). Public funds owned by the municipality in excess of FDIC insured amounts are protected by GUDPA. However, GUDPA does not protect intermingled trust funds such as salary withholdings or funds that may pass to the municipality relative to the happening of a future condition.

As of December 31, 2011, the Township's bank balances of \$12,592,310.82 were completely insured or collateralized.

	<u>\$152,377.39</u>	<u>\$152,377.39</u>

The interfund receivables and payables above predominately resulted from payments made by certain funds on behalf of other funds. During 2012, the Township expects to liquidate such interfunds, depending upon the availability of cash flow.

Note 8: **PENSION PLANS**

The Township of Greenwich contributes to two cost-sharing multiple-employer defined benefit pension plans, the Public Employees' Retirement System (PERS) and the Police and Firemen's Retirement System (PFRS), which are administered by the New Jersey Division of Pensions and Benefits. In addition, eligible Township employees have the opportunity to participate in the Defined Contribution Retirement Program (DCRP), which is a defined contribution pension plan and is also administered by the New Jersey Division of Pensions and Benefits. Each plan has a Board of Trustees that is primarily responsible for its administration. The Division issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to:

State of New Jersey
Division of Pensions and Benefits
P.O. Box 295
Trenton, New Jersey 08625-0295

Public Employees' Retirement System - The PERS was established in 1955. The PERS provides retirement, death, and disability, and medical benefits to qualified members. Vesting and benefit provisions are established by N.J.S.A. 43:15A and 43:3B.

The contribution requirements of plan members are determined by State statute. In accordance with Chapter 62, P.L. 1994, plan members enrolled in the Public Employees' Retirement System were required to contribute 5% of their annual covered salary. Effective July 1, 2008, however, in accordance with Chapter 92, P.L. 2007 and Chapter 103, P.L. 2007, plan members are required to contribute 5.5% of their annual covered salary. For employees enrolled in the retirement system prior to July 1, 2008, the increase is effective with the payroll period that begins immediately after July 1, 2008. Pursuant to the provisions of Chapter 78, P.L. 2011, the active member contribution rate will be increased to 6.5% plus an additional 1.0% phased-in over seven years beginning in the first year. The phase-in of the additional incremental member contribution amount will take place in July of each subsequent year. The State Treasurer has the right under the current law to make temporary reductions in member rates based on the existence of surplus pension assets in the retirement system; however, the statute also requires the return to the normal rate when such surplus pension assets no longer exist.

Note 8: **PENSION PLANS (CONT'D)**

The Township is billed annually for its normal contribution plus any accrued liability. These contributions, equal to the required contributions, were as follows:

<u>Year</u>	<u>Normal Contribution</u>	<u>Accrued Liability</u>	<u>Non-Contributory Group Life</u>	<u>Total Liability</u>	<u>Funded by Township</u>
2011	\$ 70,451.00	\$ 112,260.00	\$ 13,877.00	\$ 196,588.00	\$ 196,588.00
2010	65,353.00	83,971.00	20,708.00	170,032.00	170,032.00
2009	66,029.00	76,371.00	17,701.00	160,101.00	160,101.00

Police and Firemen's Retirement System - The PFRS was established in 1944. The PFRS provides retirement, death, and disability, and medical benefits to qualified members. Vesting and benefit provisions are established by N.J.S.A. 43:16A and 43:3B.

The contribution requirements of plan members are determined by State statute. In accordance with Chapter 204, P.L. 1989, plan members enrolled in the Police and Firemen's Retirement System are required to contribute 8.5% of their annual covered salary. Pursuant to the provisions of Chapter 78, P.L. 2011, the active member contribution rate will be increased to 10% in October, 2011. The State Treasurer has the right under the current law to make temporary reductions in member rates based on the existence of surplus pension assets in the retirement system; however, statute also requires the return to the normal rate when such surplus pension assets no longer exist.

The Township is billed annually for its normal contribution plus any accrued liability. These contributions, equal to the required contributions, were as follows:

<u>Year</u>	<u>Normal Contribution</u>	<u>Accrued Liability</u>	<u>Non-Contributory Group Life</u>	<u>Total Liability</u>	<u>Funded by Township</u>
2011	\$ 202,888.00	\$ 162,683.00	\$ 15,901.00	\$ 381,472.00	\$ 381,472.00
2010	179,691.00	128,018.00	15,644.00	323,353.00	323,353.00

Defined Contribution Retirement Program - The Defined Contribution Retirement Program (DCRP) is a cost-sharing multiple-employer defined contribution pension fund which was established in 2007, under the provisions of Chapter 92, P.L. 2007 and Chapter 103, P.L. 2007 (N.J.S.A. 43:15C-1 et. seq.) and expanded under the provisions of Chapter 89, P.L. 2008 and Chapter 1, P.L. 2010. The DCRP provides eligible members, and their beneficiaries, with a tax-sheltered, defined contribution retirement benefit, along with life insurance and disability coverage. Vesting and benefit provisions are established by N.J.S.A. 43:15C-1 et. seq.

The contribution requirements of plan members are determined by State statute. In accordance with Chapter 92, P.L. 2007 and Chapter 103, P.L. 2007, plan members are required to contribute 5.5% of their annual covered salary. In addition to the employee contributions, the Township's contribution amounts for each pay period are transmitted to Prudential Financial not later than the fifth business day after the date on which the employee is paid for that pay period.

Note 8: **PENSION PLANS (CONT'D)**

The Township's contributions were as follows:

Note 9: **OTHER POST EMPLOYMENT BENEFITS OTHER THAN PENSION BENEFITS**

Plan Description

The Township's defined benefit postemployment healthcare plan, the Township of Greenwich Postemployment Benefits Plan (the "Township Plan"), allows for employees retiring with twenty (20) full-time years of service with the Township, or twenty-five (25) or more years of service credit in a state or locally administered retirement system and a minimum of three (3) years of full-time employment with the Township, regardless of age, or employees retiring on an accidental disability pension, to receive fully paid health and prescription benefits.

The Township Plan also requires that retirees that become eligible for Medicare benefits utilize the Township Plan as the secondary insurance coverage. The employees will be required to purchase the Medicare coverage without reimbursement, but the retirees will not be expected to contribute to the secondary Township coverage. The various levels of coverage for an employee and their dependents is based on the applicable employment agreements.

The Township Plan is a single-employer postemployment healthcare plan administered by Insurance Design Administrators. The benefit provisions of the plans that participate may be established or amended by the Township Council; for the Township Plan that authority rests with the Township Council. The plan does not issue a separate financial report.

Funding Policy

The contribution requirement of the Township is established by policy of the Township Council and reflected in the various union contracts. The Council may amend its policy, subject to contract inclusion, as deemed necessary. The required contribution is based on projected pay-as-you-go financing requirements. For the years 2011, 2010, and 2009, the Township contributed \$502,521.00, \$502,521.00, and \$523,188.96 for retiree healthcare premiums. Various factors, as stipulated in employee contracts, dictate whether plan members are required to make contributions to the plan. At this time, employees are not required to contribute to the health care premiums.

Annual OPEB Cost and Net OPEB Obligation

The Township's annual other postemployment benefit (OPEB) cost (expense) is calculated based on the *annual required contribution of the employer (ARC)*, an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed thirty years. The following table shows the components of the Authority's annual OPEB cost for the year, the amount actually contributed to the Plan, and changes in the Township's net OPEB obligation to the Plan:

Note 9: **POST EMPLOYMENT BENEFITS OTHER THAN PENSION BENEFITS (CONT'D)****Annual OPEB Cost and Net OPEB Obligation (Cont'd)**

Normal cost	\$ 774,031.00
Unfunded Actuarial Liability	<u>1,214,434.00</u>
Annual required contribution (expense)	1,988,465.00
Contributions Made	502,521.00
Net OPEB obligation - Beginning of Year	<u>1,361,219.00</u>
Net OPEB obligation - End of Year	<u><u>\$ 2,847,163.00</u></u>

Funded Status and Funding Progress

As of December 31, 2011, the most recent actuarial valuation date, the Township's Plan was 0% funded. The actuarial accrued liability for benefits was \$19.6 million, and the actuarial value of assets was \$0, resulting in an unfunded actuarial accrued liability (UAAL) of \$19.6 million. The covered payroll (annual payroll of active employees covered by the plan) was \$3.2 million, and the ratio of the UAAL to the covered payroll was 603.21%. Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented below as required supplementary information, compares the assets used for funding purposes to the comparable liabilities to determine how well the Township Plan is funded. The actuarial liability is compared to the actuarial value of assets to determine the funding ratio. The Actuarial Accrued Liability under GASB is determined assuming that the Township Plan is ongoing and participants continue to terminate employment, retire, etc., in accordance with the actuarial assumptions.

Actuarial Methods and Assumptions

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

In the December 31, 2011 actuarial valuation, the unit credit cost method was used. The actuarial assumptions included a discount rate of 5% compounded annually, an annual healthcare cost trend rate of 7% for pre-medicare and 5% for post-medicare benefits, and administration expenses of approximately 2% is included in the annual healthcare costs. The Township Plan's unfunded actuarial accrued liability is being amortized as a level percentage of projected payrolls on an open basis. The remaining amortization period at December 31, 2011 was twenty-eight years.

Note 10: **COMPENSATED ABSENCES**

Full-time employees are entitled to fifteen paid sick leave days each year. Unused sick leave may be accumulated and carried forward to the subsequent year. Vacation days not used during the year may be accumulated up to a maximum of five days, and carried forward for one year. More than 5 days may be carried forward with proper approval by council.

The Township of Greenwich compensates employees for unused sick leave upon retirement. The current policy provides that 35% of the value of unused sick leave be paid at retirement.

Note 10: **COMPENSATED ABSENCES (CONT'D)**

The Township does not record accrued expenses related to compensated absences. However, it is estimated that, at December 31, 2011, accrued benefits for compensated absences are valued at \$753,096.53.

Note 11: **LENGTH OF SERVICE AWARD PROGRAM**

The Township's Length of Service Awards Program (LOSAP) was created by a Township Ordinance adopted on August 15, 2005 pursuant to Section 457 (e)(11)(13) of the Internal Service Code of 1986, as amended, except for provisions added by reason of the Length of Service Award Program as enacted into federal law in 1997. The voters of the Township of Greenwich approved the adoption of the LOSAP at the general election held on November 5, 2005, and the first year of eligibility for entrance into the LOSAP by qualified volunteers was calendar year 2006. The LOSAP provides tax deferred income benefits to active volunteer firefighters and emergency medical personnel.

Amounts deferred under Section 457 plans must be held in trust for the exclusive benefit of participating employees and not be accessible by the Township or its creditors. Since the Township does not have a fiduciary relationship with the LOSAP, the balances and activities of the LOSAP are not reported in the Township's financial statements.

As required by N.J.A.C. 5:30-14.49, the Township must have an annual review of its LOSAP performed in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants.

Note 12: **LEASE OBLIGATIONS**

At December 31, 2011, the Township had lease agreements in effect for the following:

Operating:
 Two (2) 2010 Ford Crown Victoria Vehicles
 One (1) 2011 Ford Crown Victoria Vehicle

The following is an analysis of operating leases.

Future minimum rental payments under operating lease agreements are as follows:

<u>Year</u>	<u>Amount</u>
2012	\$23,771.49
2013	8,123.37

Rental payments under operating leases for the year 2011 were \$31,657.20.

Note 14: **DEFERRED CHARGES TO BE RAISED IN SUCCEEDING BUDGETS**

Certain expenditures are required to be deferred to budgets of succeeding years. At December 31, 2011, the following deferred charge is shown on the statement of assets, liabilities, reserves and fund balance of the following fund(s):

	<u>Balance Dec. 31, 2011</u>	<u>2012 Budget Appropriation</u>
Current Fund:		
Special Emergency Authorizations	\$195,000.00	\$39,000.00

The appropriation in the 2012 Budget as adopted is not less than that required by the statutes.

Note 15: **RESERVE FOR INTEREST REBATE**

The Tax Reform Act of 1986 placed restrictions on the investments of the proceeds of certain tax-exempt bonds issued after December 31, 1986. Specifically, investment earnings which are above arbitrage bond yield are required to be rebated to the United States Treasury Department within sixty days of the end of the fifth bond year. A bond year is defined, at the option of the issuing entity, as either the date of the first anniversary of bond settlement or the issuing entity's fiscal year end.

The Township of Greenwich issued bonds on September 1, 2004 entitled General Obligation Bonds, Series of 2004 which had a settlement date of September 21, 2004. Rebate calculations on these bonds are required to be made at least once every five years, with the first period ending September 20, 2009. The Township of Greenwich has prepared the rebate calculation as of December 31, 2011 and has determined an estimated rebate liability of \$153,634.13. The required 90% payment of the estimated rebate liability of \$138,270.72 will be charged directly to the Current Fund and Water Utility Operating Fund fund balances when disbursed.

There are unspent bond proceeds as of December 31, 2011, which will change the estimated rebate liability. Annual calculations will be performed as of September 20 until the bond proceeds are fully expended and the final rebate liability is calculated and paid.

Note 16: **JOINT INSURANCE POOL**

The Township of Greenwich is a member of the Gloucester Salem Cumberland Counties Municipal Joint Insurance Fund. The Fund provides its members with the following coverage:

Workers' Compensation and Employer's Liability
Liability other than Motor Vehicles
Property Damage other than Motor Vehicles
Motor Vehicles

Contributions to the Fund, including a reserve for contingencies, are payable in two installments and are based on actuarial assumptions determined by the Fund's actuary. The Commissioner of Insurance may order additional assessments to supplement the Fund's claim, loss retention or administrative accounts to assure the payment of the Fund's obligations.

The Fund provides the Township with the following coverage:

Property - Blanket Building and Grounds
General and Automobile Liability
Public Official & Employment Liability

Contributions to the Fund, are payable in an annual premium and is based on actuarial assumptions determined by the Fund's actuary. The Township's agreement with the pool provides that the pool will be self-sustaining through member premiums and will reinsure through the Municipal Excess Liability Joint Insurance Fund for claims in excess of \$500,000.00 based on the line of coverage for each insured event.

The Fund publishes its own financial report for the year ended December 31, 2011, which can be obtained from:

Hammonton, New Jersey 08037

Note 17: **NEW JERSEY UNEMPLOYMENT COMPENSATION INSURANCE**

The Township has elected to fund its New Jersey Unemployment Compensation Insurance under the "Benefit Reimbursement Method". Under this plan, the Township is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The Township is billed quarterly for amounts due to the State. The following is a summary of Township contributions, reimbursements to the State for benefits paid and the ending balance of the Township's trust fund for the current and previous two years:

<u>Year</u>	<u>Township Contributions</u>	<u>Amount Reimbursed</u>	<u>Ending Balance</u>
2011	\$8,000.00	\$16,667.81	\$6,786.41
2010	10,000.00	19,993.29	9,919.01
2009	10,000.00	11,612.64	14,326.95

Note 18: **RISK MANAGEMENT**

The Township has adopted a plan of self-insurance for medical/surgical and major medical coverage for the employees of the Township and has established the Reserve for Self-Insurance Trust in the Trust--Other Fund to account for and finance its related uninsured risks of loss up to \$250,000.00 per any one claim. The coverage is administered by the Township of Greenwich Employees Health Plan and the plan supervisor, Insurance Design Administrators.

At December 31, 2011, the estimated balance of funds in escrow held by the plan administrator on behalf of the Township was \$79,136.81. The Township is required to maintain an escrow balance to pay for future claims. Any additional funds required for claims in excess of the amounts escrowed will be paid and charged to the 2012 or future budgets.

Note 19: **COMMITMENTS – TAX APPEALS**

As of December 31, 2011 there are two industrial tax assessment appeals filed against the Township for tax years ranging from 1993 to 2011.

The first appeal was filed with the Tax Court of New Jersey for the tax year 1998 on the refinery owned by Mobil Oil Company. The refinery was sold by Mobil to Valero of N.J. in September of 1998 which filed appeals for the tax years 1999 to 2011. These refinery appeals involve extremely complicated properties and concern difficult constitutional, legal and factual issues. The financial exposure to the Township cannot be predicted at this time with any accuracy because a definitive analysis as to the value of the subject property has not been prepared for any of the tax years at issue.

The second appeal filed in the Tax Court of New Jersey is an appeal filed by Mobil for the Research and Development property adjacent to the refinery property. The property is a large office, laboratory and research facility and the appeals involve tax years 1993 to 2011. Again the financial exposure to the Township cannot be predicted at this time with any accuracy because a definitive analysis as to the value of the subject property has not been prepared for any of the tax years at issue.

The Township has engaged experts to assist in the evaluation of these cases and is aggressively defending these appeals, although attempts to reach a reasonable settlement have been pursued. The parties are in the process of exchanging information relevant to the valuation of the properties. A loss of these pending tax appeals could have a material adverse impact upon the Township's financial position.

Other Postemployment Benefits

The information presented in the required supplementary schedules was determined as part of the actuarial valuation at the date indicated. Additional information as of the latest actuarial valuation follows:

Valuation Date	December 31, 2011
Actuarial Cost Method	Unit Credit
Amortization Method	Level dollar
Remaining Amortization Period	28 years
Asset Valuation Method	Market Value
Actuarial Assumptions:	
Investment Rate of Return	5.0%
Rate of Medical Inflation	7% pre-Medicare and 5% post-Medicare
Administration Expenses	2% (included in annual health care costs)

For determining the GASB ARC, the rate of employer contributions to the plan is composed of the Normal Cost plus amortization of the Unfunded Actuarial Liability. The Normal Cost is a portion of the actuarial present value of plan benefits and expenses which is allocated to a valuation year by the actuarial cost method. The Actuarial Liability is that portion of the Present Value of Projected Benefits that will not be paid by Future Employer Normal Costs or active employee contributions. The difference between this liability and the funds accumulated as of the same date is the Unfunded Actuarial Liability.

TOWNSHIP OF GREENWICH
PART 2
SCHEDULE OF FINDINGS AND RECOMMENDATIONS
FOR THE YEAR ENDED DECEMBER 31, 2011

TOWNSHIP OF GREENWICH
Schedule of Findings and Recommendations
For the Year Ended December 31, 2011

Schedule of Financial Statement Findings

This section identifies the significant deficiencies, material weaknesses, and instances of noncompliance related to the financial statements that are required to be reported in accordance with Government Auditing Standards and with audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey.

Finding No. 2011-1

Criteria or Specific Requirement

Pursuant to N.J.A.C. 5:30-5.7, the general ledger, together with the books of original entry and supporting subsidiary ledgers shall constitute a complete accounting system which all local units shall have and maintain. Good internal control practices dictate that a complete and accurate general ledger should be maintained for each fund to ensure adequate control over the preparation of financial statements including the related footnotes.

Condition

The computerized general ledger was not properly maintained for all required funds.

Context

The general ledger required significant adjustment to properly reflect the financial activity of the Township.

Effect

Without a properly maintained general ledger system, the immediate and current identification of assets, liabilities, revenues, expenditures and fund balance cannot be achieved. The following specific effect was noted during the year:

1. The Current, Utility Operating, General Capital and Utility Capital account balances were not reconciled to the computerized general ledger as of December 31, 2011.

Cause

Proper internal control policies and procedures over financial transactions are not in place to properly maintain the general ledger.

Recommendation

That the general ledger for each fund be accurately and completely maintained to ensure adequate control over the preparation of financial statements including the related footnotes.

View of Responsible Officials and Planned Corrective Action

The responsible officials agree with the finding and will address the matter as part of their corrective action plan.

TOWNSHIP OF GREENWICH
Schedule of Findings and Recommendations
For the Year Ended December 31, 2011

Schedule of Financial Statement Findings (Cont'd)

Finding No. 2011-2

Criteria or Specific Requirement

The Tax Reform Act of 1986 placed restrictions on the investments of the proceeds of certain tax-exempt bonds issued after December 31, 1986. Specifically, investment earnings which are above arbitrage bond yield are required to be rebated to the United States Treasury Department within sixty days of the end of the fifth bond year.

Condition

Investment Earnings which are above the arbitrage bond yield were not remitted to the United States Treasury Department within sixty days of the end of the fifth bond year.

Context

The Township did not remit the Investment Earnings in excess of the arbitrage bond yield to the United States Treasury Department in the required time period.

Effect

Non-compliance with Internal Revenue Service regulations.

Cause

The Township did not contract to perform the arbitrage calculation within the required time period.

Recommendation

That the Township remits any arbitrage rebate liability to the United States Treasury Department in timely manner.

View of Responsible Officials and Planned Corrective Action

The responsible officials agree with the finding and will address the matter as part of their corrective action plan.

TOWNSHIP OF GREENWICH
Summary Schedule of Prior Year Audit Findings
And Recommendations as Prepared by Management

This section identifies the status of prior year findings related to the financial statements that are required to be reported in accordance with Government Auditing Standards.

FINANCIAL STATEMENT FINDINGS

Finding No. 2010-1

Condition

The computerized general ledger was not properly maintained for all required funds.

Current Status

Condition remains unresolved.

Planned Corrective Action

The Township will provide additional training to the responsible employees to correct the deficiency.

Finding No. 2010-2

Condition

The Tax Collector bank account was not properly reconciled as of December 31, 2010.

Current Status

Condition has been resolved.

Finding No. 2010-3

Condition

Investment Earnings which are above the arbitrage bond yield were not remitted to the United States Treasury Department within sixty days of the end of the fifth bond year.

Current Status

Condition remains unresolved.

Planned Corrective Action

The Township will provide additional training to the responsible employees to correct the deficiency.
